Bet Track — Lesson 1

Building the Word

Letters Can Join Sounds

Big Idea

In Aleph Track, I learned to see Hebrew letters.

In Bet Track, I begin learning how Hebrew letters help build sounds and words.

A Hebrew word is built one small step at a time.

Letter by letter.

Sound by sound.

Word by word.

Teacher says:

“Bet Track is where Hebrew letters begin working together.”

Student says:

“I can build Hebrew sounds and words.”

Look and Remember

Hebrew begins on the right.

Look at this Hebrew path:

RIGHT SIDE ← ← ← **LEFT SIDE**

When I read Hebrew, my eyes begin on the right.

Teacher says:

“Before we read a word, we find the starting side.”

Student says:

“Hebrew begins on the right.”

“Hebrew begins on the right.”
